## College Student Information Centre

### Student Resources

Please Read the following Document regarding the list of essential reading books for you throughout your studies. It is best to order your books early so you are not waiting for your book when it comes to completing your logbook tasks.

## Degree/Certificate Programme June-September

### Functional Screening

Module Description: This module provides an introduction to the area of Functional Screening (FS). We present the background and history of FS. In addition, we describe the different Schools of Thought within this fascinating area. We also describ...
